

## **LIT Youth Program**

The mission of LIT's Youth Program is to provide an educational opportunity for our students to learn and grow through participation in the fine arts. Participating in performing arts builds self-confidence, promotes self-expression, fosters teamwork, encouragement from peers, and respect for others as they learn together in a positive environment. These are life skills our students should continue to use the rest of their lives.

Lawton Interactive Theater's Youth Program is designed to extend the professionalism of our adult productions to local youth through this program. Involvement in any fine arts programs also encourages youth to invest in the future of our communities. Starting in 2021 we are introducing our Youth Program with the following:

### **1. LIT Summer Youth Camp for grades 3-9, June 7th-June 24th (Enrollment begins May 4th)**

- Class Times- Monday-Thursday 1pm-4pm
- Showcase Performance- June 26th at 7:00pm

LIT's Youth Enrichment Program will focus on acting, singing, and dancing while incorporating other aspects of theater such as props, tech, and set design. This is an educational opportunity for children to learn and grow in their abilities as a performer. The skills learned in this program are not just limited to the arts. Participating in performing arts builds self-confidence, promotes self-expression and fosters teamwork and encouragement from peers as they learn together.

While there will be performance opportunities at the end of each session, each class will take the time to focus on different skills. The end goal is not just the performance, but for students to learn and grow in their skills.

## **2. LIT Summer Youth Musical "Annie Jr" for grades 3-12, June 8th-July 24th (Enrollment begins May 4th)**

- Rehearsal Times- Tuesday and Thursday Jun 8-July 15th 6:30pm-8:30pm
- Tech Week- July 19-22 6:30pm-8:30pm
- Performances - July 23rd and July 24th at 7pm

LIT's Youth Musical Program will focus on acting, singing, and dancing while incorporating other aspects of theater such as stage and performance etiquette. This is an educational opportunity for children to learn and grow in their abilities as a performer. The skills learned in this program are not just limited to the arts. Participating in performing arts builds self-confidence, promotes self-expression and fosters teamwork and encouragement from peers as they learn together. The end goal is not only the performance, but for the students to grow as a person and enhance their abilities as a performer.
